MG A | 1959

MG A Twin Cam 1959 "beauty!!"

Beschreibung:

Totally nut and bolt restored MG A Twin Cam. Only 2000 are built and this is 1 of the only 6 that are originally manufactured in The Netherlands by the importer. So it is an original Dutch car. All original and all restored / rebuild. Beautiful, very rare, perfectly running / driving. Has disc brakes all around. Everything like factory new with Dutch registration. Used on Zandvoort circuit by its first owner Han Vetter, member of the MGA - board.

For more information and a quick answer, send a mail to:
